# THE BMW 5 SERIES. ORIGINAL BMW ACCESSORIES.

JOY HAS BOUNDLESS POSSIBILITIES.

## **EXPERIENCE THE POWER OF INNOVATIVE IDEAS.**

Original BMW accessories for the BMW 5 Series combine original thinking and stylish design with a high degree of practicality. Over the following pages, you will find out more about some of the Original BMW exterior and interior accessories, communication and information systems, and transportation and luggage solutions available. Every Original BMW accessories product sets new standards, offering a combination of dynamic performance, sports-inspired style and supreme comfort.

# BEAUTY THAT'S MORE THAN SKIN-DEEP.

ORIGINAL BMW EXTERIOR ACCESSORIES.

**1+2 Double spoke 129**  
Cast alloy wheel, 18-inch size.

**3 Star spoke 128**  
Cast alloy wheel, 19-inch size.

**4 Double spoke 125**  
Cast alloy wheel, 19-inch size.

**5 Radial spoke 32**  
Cast alloy wheel, 18-inch size.

**1 Radial spoke 190, bicolour**

Cast and polished alloy wheel, 19-inch size.

**2 Starspoke 124 in black**

Cast alloy wheel, 18-inch size.

**3 Starspoke 89**

Cast alloy wheel, 18-inch size.

**4 Double spoke composite wheel 71**

Cast alloy wheel, 18-inch size. Two-part with titanium bolts. Burnished rim flange.

**5 Starspoke composite wheel 179**

Cast alloy wheel, 19-inch size. Two-part with titanium bolts. Burnished rim flange.

**5 Rear spoiler**

The rear spoiler not only accentuates the dynamic lines of the BMW 5 Series Saloon, but also brings about a noticeable improvement in downforce.

**5 Black Line rear lights**

Framed in fine grey. They make the rear end of the car particularly striking.

**5 Wind deflector**

Made from acrylic glass. Provides protection from sun and wind when the slide/tilt sunroof is open.

**5 Rubbing strips**

Protect the paintwork in the side door area when parking and manoeuvring. Available in black or body colour. On some models, rubbing strips are also available for the front and rear aprons.

3

4

Original BMW alloy wheels are worth getting excited about. But that's not surprising, when you stop to consider how complex and time-consuming the design process is, involving initial sketches, extensive use of CAD technology and the production of full-size Ureol models. BMW also subjects the wheels to an extensive array of quality and safety testing procedures that includes the use of X-rays and ultrasound. But the results more than justify all this effort – as you will appreciate every time you drive on them.

5

**1 M aerodynamic kit**

M front apron, M side skirts and M rear apron accentuate the striking looks of the BMW 5 Series.

**1 M double spoke 135**

Cast alloy wheel, 18-inch size.

**2 M cross spoke composite wheel 101**

Cast and rolled alloy wheel, 19-inch size. Two-part with titanium bolts. Burnished rim flange.

**3 M double spoke 184**

Cast alloy wheel, 18-inch size.

# CREATE YOUR OWN ATMOSPHERE.

## ORIGINAL BMW INTERIOR ACCESSORIES.

### 1 Leather-covered sport steering wheel

With multifunction option. Diameter 379 mm. Available with decorative trims in pearl-effect chrome.

### 1 Interior trim strips in pentane aluminium

This option includes interior trim strips for the dashboard, centre console and doors.

### 2 Illuminated door entry strips in stainless steel

For front and rear. The BMW lettering is subtly illuminated and has a chrome appearance in daylight.

### 2 Stainless steel pedals

A stylish detail in the footwell.

### 2 Rubber floor mats with textile inlay

Dirt-repellent and water-resistant. Available in anthracite, beige and grey.

A final check by eye. A final loving stroke of the smooth, flawless surface. And the BMW decorative trim in burr walnut is ready. It is the culmination of a long and demanding process, as all BMW accessories in fine wood are lovingly hand-finished by experienced craftsmen. In fact, creating a decorative trim takes six full days of care, precision and absolute attention to detail.

It starts with the choice of materials. When sourcing walnut or poplar, BMW always prefers wood from near the root of the tree, as this has the most beautiful grain. The component is cut to shape from a very thin piece of wood, and this blank is then glued to its mounting under a pressure of as much as three tonnes, before being sanded and smoothed to remove even the smallest surface imperfections. Now it can be varnished, and between five and seven coats are

applied by hand; once the varnish is dry, it is hand-sanded again and polished with three different grades of wax. Lastly, a special finishing concentrate is applied to ensure the grain is shown off to best effect.

After a final check, the finished masterpiece is ready to be fitted to the interior of your BMW, and give it a unique personality all of its own.

**1 Interior trim strips in brown variegated poplar**

The exclusive, expertly crafted fine wood trim consists of trim strips for the dashboard, centre console and doors.

**1 Decorative trim in brown variegated poplar for leather-covered steering wheel**

The perfect complement to interior trim strips in this fine wood.

**1 Leather-covered selector lever grip with decorative strip in brown variegated poplar**

A stylish addition to the interior of your BMW 5 Series.

**1 Handbrake grip in brown variegated poplar**

**1 Interior trim strips in precision-ground aluminium**

This option includes interior trim strips for the dashboard, centre console and doors.

**1 M leather-covered sport steering wheel**

With multifunction option. Diameter 380 mm.

**1 M leather-covered gear lever knob**

**2 M door entry strips**

An ideal complement to the other M trim options.

**3 M footrest**

A striking addition to the footwell.

**4 M leather-covered sport gear lever knob**

A shortened gear lever knob carrying the M emblem, further enhancing the sports-car feel of the interior.

Adherence to safety standards is all well and good – but BMW designers see this as a bare minimum requirement, not a maximum one. Which is why BMW child seats go far beyond even the demanding specifications of the ECE-44/04 safety standard, to ensure younger passengers enjoy the best possible protection.

Take for example crash tests. BMW doesn't just carry out the mandatory frontal impact testing; in addition, it also subjects all Original BMW child seats to simulated side barrier impacts, with collision speeds of up to 50 km/h. The design is then modified based on the results.

And these are just two of a whole battery of tests, ensuring that BMW child restraint systems offer maximum safety in every situation.

Of course, as well as being safe, child seats must also be comfortable. With this in mind, BMW designs incorporate breathable fabrics, ergonomic seating positions, and a shell construction that takes into account the specific needs of children's bodies.

#### 1 BMW junior seat II-III

Suitable for children weighing 15 to 36 kg (aged approx. 3 to 12 years). The seat can be quickly and easily secured in place with the three-point belt. The height of the seat and position of the headrest and side bolsters are manually adjustable, and the seat offers outstanding lateral support. The adjustable backrest makes the BMW junior seat II-III perfect for long journeys, and the removable cover is machine-washable.

#### 1 Sun screen

The sun screen for the side windows and rear windscreen is quick and easy to attach. When not in use, it can be stored away in the pouch supplied.

## STAY ENTERTAINED, STAY INFORMED.

### ORIGINAL BMW COMMUNICATION AND INFORMATION ACCESSORIES.

#### 1 iPod interface

Enjoy all your favourite music on the road. The interface connects the iPod™ directly to your vehicle's audio system: artist, song and genre information and playlists can all be viewed on the control display, and music can be selected using the iDrive controller or the multifunction steering wheel. The iPod™ is stored securely in the glovebox, and the battery is charged during playback through the vehicle's electrical system.

#### 2 BMW Portable DVD system

A docking system integrated into the roof lining on a level with the driver's and front passenger seats accommodates the portable DVD player. The system is equipped with a 10.2-inch TFT colour monitor and can easily be removed for use at home or elsewhere. Two sets of cordless stereo headphones, infrared remote control and a power pack are supplied with the system in a carrier pouch.

#### 3 BMW Advanced DVD system

With tilting 7-inch colour monitors built into the front seats, two sets of cordless stereo headphones, two infrared remote controls and a 6-slot multimedia changer in the luggage compartment. Depending on the other equipment fitted, the option of audio playback via the loudspeakers of the BMW radio and video playback on the control display may be supported. The DVB-T set-top box (available separately) allows digital TV programmes to be watched while on the move.

There is a wide range of electronic accessories available for your BMW, including TV and DVD solutions, and camera systems such as the Rear View Camera. To ensure these technologies work seamlessly together, both with each other and with the complex on-board electronics of the vehicle, the BMW engineers have developed the Accessory Control Menu. This allows all electronic Original BMW accessories products to be managed from a single interface, which is operated via iDrive.

#### 1 Accessory Control Menu

Gives drivers direct access to accessories such as DVD and camera systems via a single menu-based interface, and allows these to be controlled via the iDrive controller.

#### 2 Bluetooth hands-free kit

For common handsets from Nokia, Sony Ericsson and Motorola, plus RIM BlackBerry® and Apple iPhone™ devices. Thanks to the interchangeable, phone-specific snap-in adapter, the driver can make calls hands-free. When plugged in to the system, the phone is automatically recharged. Operation is via the iDrive controller, multifunction steering wheel or voice control. An external aerial ensures the best possible reception at all times.

#### 3 Rear View Camera

Ensures maximum safety when reversing. When reverse gear is selected, a 131-degree wide-angle camera in the luggage compartment lid starts filming the area behind the vehicle. The feed from the camera is shown on the control display.

#### 4 Side View Camera

For safe turning at road junctions with poor visibility. A camera with a special prismatic lens monitors the cross-traffic and show the images on the control display. The camera is located in the middle of the car under the bumper.

## SOLUTIONS TO MEET EVERY NEED.

ORIGINAL BMW TRANSPORTATION AND LUGGAGE SOLUTIONS.

### 1 Bicycle holder for trailer tow hitch, lockable

The bicycle holder and bicycles are secured against theft. For carrying one or two bicycles. An extension set for a third bicycle is also available.

### 2 Touring cycle holder, lockable

Robust attachment for transporting a bicycle with a frame diameter of 25 to 80 mm, also suitable for mountain bikes. A single locking set for fitting up to four touring cycle holders on the base support system is available.

### 1-3 BMW base support system, lockable

Maximum permissible roof load: 100 kg. The base support arms are made of high-strength aluminium tubing and secured to the roof railing. The BMW base support system with anti-theft locks meets the most stringent security requirements. Also available for vehicles without roof railing.

### 1 Ski and snowboard holder, lockable

Suitable for carrying two snowboards and two pairs of skis, or up to six pairs of skis. Poles can also be carried.

### 2 Luggage rack

High load-carrying capacity. Made of lightweight, high-strength aluminium.

### 3 BMW roof box 460

Capacity: approx. 460 l. L x W x H: 230 x 82 x 37 cm. Easy to load, thanks to an innovative system that opens from both sides. Features anti-theft triple central locking on both sides for additional peace of mind. Includes ski rests. Available in silver or black.

The more comprehensive the testing, the better the results. Traditionally, only front crash testing is carried out on roof boxes, but at the BMW Research and Innovation Centre, they are subjected to side and rear impact testing as well – the only facility in the world where this takes place. And that's not all. They also undergo climatic and impact strength tests, and corrosion testing over many days in a salt-spray chamber.

## BRILLIANT IDEAS, SPARKLING RESULTS. ORIGINAL BMW CARE PRODUCTS.

An extensive range of cleaning and care products is available for your BMW, helping to keep it looking its best. All of them are environmentally friendly, and there are specific products to protect and care for all of the surfaces found in BMW cars, including leather, fabrics, glass and paint – so you can be proud to be seen in your BMW everywhere you go in it.

For example, Original BMW hard wax with nano-technology keeps paintwork looking just as good as it did in the showroom, while wheel rim cleaner keeps Original BMW alloy wheels free of brake dust. There are even Original BMW CareProducts to keep you safe, by meeting the specific requirements of different times of the year; Original BMW clear glass, for instance, ensures that windscreens stay clean and smear-free, in summer and winter alike.

**A selection of cleaning and care products can be found in the range overview on page 37.**

# EQUIPPED WITH THE BEST IDEAS.

## ORIGINAL BMW ACCESSORIES RANGE OVERVIEW.

\* For more information about the full range of Original BMW Care Products available, please speak to your BMW Service Centre.

# JOY IS KNOWING THAT YOU ARE IN GOOD HANDS.

To ensure your BMW performs at its best every day, your BMW Service Centre does much more than just give you advice on which Original BMW Accessories to choose and offer a professional fitting service.

**BMW TeleServices** – your BMW automatically informs you when it's due for a trip to one of our 3,300 BMW Service Centres. The on-board Condition Based Service system tells you of any upcoming maintenance and servicing required, and BMW TeleServices\* communicates this information to your BMW Service Centre. A service employee will then ring you to make an appointment. The BMW Service Centre keeps a full range of Original BMW Parts in stock – so it's able to repair any problems quickly and effectively. In short, quality and safety are at the heart of everything we do.

**BMW Service Inclusive** – you pay a fixed price, and depending on the package you choose, routine maintenance, wear-and-tear repairs and even out-of-warranty repairs are covered for a defined time period or mileage.

**BMW Mobile Service** – a breakdown service from BMW which, in the unlikely event of a breakdown, is on call any time, day or night. The BMW TeleService diagnosis\* transmits all the relevant details to BMW Service headquarters. This allows a BMW Service specialist to identify the problem so that they can help you to resolve the issue yourself, send a BMW breakdown recovery vehicle to your assistance, or fix the problem remotely using the BMW TeleService help.\*

For more information on BMW Service, please contact your BMW Service Centre or visit [www.bmw.com/service](http://www.bmw.com/service)

## BMW SERVICE.

\* BMW TeleServices are available in all BMW vehicles with the exception of the BMW X3. However, the optional Bluetooth mobile phone interface (option 633 or option 644) must be fitted and, on certain models, the BMW Professional radio in conjunction with the control display (BMW Business navigation system (option 606) or the Professional navigation system (option 609)) must also be fitted.
