**HONDA**  
The Power of Dreams

# Civic

4 Door

The Civic 4 door lets drivers make that all important choice for style, comfort and performance. That's what sets the Civic 4 door apart. Now, with our range of Genuine Accessories, you have the opportunity to make your car stand out even more, and add your own personal touches to this unique vehicle.

## MAKE A UNIQUE CHOICE

## HARMONY AND ELEGANCE

With Honda's Civic 4 door, advanced technology comes dressed in style and elegance. Our exterior accessories have been designed to extend the refined bodywork and add to its dynamic, yet distinguished look and feel.

- 1. **FRONT, REAR AND SIDE SKIRTS** Highlight the smooth, clean look of the 4 door's aerodynamic bodywork with these front, rear and side skirts.
- 2. **ALLOY WHEELS** A beautifully crafted set of 16" alloy wheels with a machined finish will add an extra touch of style to your 4 door's exterior.
- 3. **TRUNK SPOILER** The Civic 4 door's rear contours are emphasised to the full with the addition of this dynamic and chic trunk spoiler.
- 4. **REAR PARKING SENSORS** Parking sensors can help you protect your car by letting you know how close you are to obstacles while parking.
- 5. **FRONT FOG LIGHT KIT** Foggy weather? The front fog light kit will help you get your Civic 4 door safely through traffic.

## COMFORT AND STYLE

Complement the clever design of the 4 door's comfortable and spacious interior with this modern range of accessories. With refined features and subtle details, you'll be able to create a stylish car interior that suits your individual taste.

1. **LEATHER STEERING WHEEL** Made of black perforated leather, the sporty and stylish leather steering wheel improves comfort and feel.
2. **INTERIOR PANELS** Add a truly personal touch with carbon look interior add-on panels for the dashboard.
3. **BLUE AMBIENT LIGHTING** Blue ambient lighting creates a cool, calm atmosphere for the interior by illuminating the front foot area.
4. **BLUETOOTH® KIT** The Bluetooth® kit offers a simple, safe and most convenient hands-free solution to easily manage your calls whilst keeping both hands on the wheel.

## INNOVATION AND CONTROL

Enjoy accurate navigation across the whole of Europe\*, take your entire music collection on the road and manage your calls with both hands on the wheel. Honda's Hard Disk Drive Navigation System offers the advanced comfort and convenience you need to turn every journey into an enjoyable experience.

*\* For map coverage details, consult your local Honda Dealer.*

59 Detachable trailer hitch – attached

Detachable trailer hitch – detached

Soichiro Honda once said, "Think for yourself and don't follow in other people's footsteps."

Because of our sporting heritage, we knew road cars built with performance technology required higher standards of safety. To achieve this we constructed the world's largest crash testing facility where, as a result, we were able to harness our artificial intelligence project ASIMO, to refine the technology now found in our cars.

**MOBILISING A NATION**  
As a young man, Soichiro Honda dreamed of giving all people, irrespective of gender, wealth or status, motorised transport. Even to this day, in some countries, there is no word for motorbike; they simply say a 'Honda'.

**RACING DNA**  
Having created the Honda Motor Company, Soichiro was now able to concentrate on his passion for racing, learning quickly that defeat was only another way of improving. This love of overcoming challenges would become the heart of our philosophy.

**THE RED H**  
To this day, Honda is widely regarded as a sports brand, producing top class performance machines in MotoGP, power boats, ATVs, and even lawn mowers. If we can build it, we can race it.

**THE POWER TO BE DIFFERENT**  
Why stop with cars? We believe that engines should be better for everyone. The challenge is making them better for all of us. This is why we created a jet with engines above the wing instead of below to increase fuel efficiency and lower emissions. We also vowed never to manufacture 2-stroke outboard engines and only make lighter, cleaner 4-strokes.

**ADVANCED TECHNOLOGY**  
Every piece of technology we create is for a reason. Even the cameras, laser sensors and microprocessors in ASIMO, our artificial intelligence robot, are influencing the design of our cars to be safer and more intelligent than ever before.

**A BRIGHTER FUTURE**  
We see our development of emission free cars and reusable energy sources as the first step into a new future of car design. It's all about turning an obstacle into a challenge. A belief we have taken from Soichiro Honda, and a reality that will have huge impact on generations to come.

“We only have one future and it will be  
made of our dreams, if we have  
the courage to challenge convention”

Soichiro Honda

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colour, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sales and Warranty given by the Distributor or Dealer, copies of which may be obtained from him/her on request. Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer or Distributor, especially if your model selection is dependent upon one of the features advertised.
